# **Description**

Harbourview MYGA is a Single Premium Deferred Annuity (Policy Form: ICC19 OLA SPDA-\*) designed to accumulate money for retirement. It is suitable for use as an IRA or other qualified account, as well as an attractive alternative to CDs and other taxable vehicles. You can start your Harbourview MYGA with a minimum premium of \$20,000.

#### **How Interest is Credited**

Interest is credited at the initial interest rate guaranteed for the first Guarantee Period. At the end of the Guarantee Period, and each subsequent Guarantee Period thereafter, a new rate will be declared. Your annuity will earn a declared interest rate, which may go up or down, but can never be less than the contract's minimum guaranteed rate at the time of your purchase. Your interest is credited and compounded daily to yield our declared annual rate. There are no front-end sales charges or annual administrative fees. 100% of your money works for you!

MINIMUM GUAF	RANTEED RATES		
%	1%		
Years	Policies currently issued		
Initial Guarantee Period	Subsequent Guarantee Period		

Until the policy is issued, rates are subject to change without notice

# **Market Value Adjustment (MVA)**

The MVA may be applied during the surrender charge period of your annuity Contract. The surrender charge period will vary by product. Please see your annuity Contract or product brochure for details. The MVA only applies during the surrender charge period should you elect to surrender your annuity or if you elect to take a withdrawal that exceeds your penalty-free withdrawal amount. The Market Value Adjustment does not apply upon death of the annuitant, upon annuitization or after the surrender charge period.

The MVA affects the surrender value of your annuity which is defined in your annuity contract. The Market Value Adjustment formula will be applied at the time your annuity Contract is surrendered or if more than your penalty-free available is withdrawn during the surrender charge period as stated in your Contract. The impact of the MVA is similar to how bond values are impacted by interest rates. The surrender value of your annuity will generally decrease if interest rates for your annuity product increase which creates a negative adjustment to your surrender value. Alternatively, when interest rates for your annuity product have decreased since your Contract was issued, the surrender value generally increases due to the Market Value Adjustment.

# Harbourview Multi-Year Guaranteed Annuity

## **Policy Values**

Your Contract Value is 100% of all premiums and earned interest. The Cash Surrender Value is the Contract Value less any cash withdrawals and applicable surrender charges and Market Value Adjustment (MVA). Surrender charges and MVA are waived in the event of the Owner's death. Prior cash withdrawals are deducted from the Contract Value, Cash Surrender Value and Death Benefit.

## Liquidity

You may have access to your annuity at any time permitted by law. After the first contract year, you may withdraw up to 10% of the Contract Value as of the prior Contract Anniversary (Free Withdrawal Amount). No surrender charges or MVA fess apply. You may take as many partial withdrawals as you want up to your Free Withdrawal Amount without incurring any Surrender Charges or MVA adjustments. Withdrawals in excess of the Free Withdrawal Amount are subject to a MVA and the following charges:

 Withdrawals may also be subject to a 10% IRS penalty on amounts withdrawn before the owner reaches age 59½.

## **Payout Options**

There is a wide range of annuity settlement options from which you may choose, including: life only, life with 10 years certain, and fixed period payments. A customized payout option may be tailored to meet your specific needs.

Guarantee										
Period		Surrender Charge Period*								
	1	2	3	4	5	6	7	8	9	10

6	9	8	7	6	5	4				
7	9	8	7	6	5	4	3			
10	9	9	8	7	6	5	4	3	2	1

If you elect to annuitize non-qualified money, generally only a portion of each payment is taxable because a part of each payment is a return of your premium.

# **Harbourview MYGA Advantage**

Tax Deferred – Your annuity can grow faster than alternative vehicles because:

- You earn interest on your principal.
- You earn interest on your interest.
- You earn interest on the money you would otherwise pay in taxes.
- You don't owe tax on interest until you take it out.

OVLAC-MYGA-DISC REV 1/21

# **Other Important Features**

On non-qualified policies, your money is never subject to stock market risk. You pay no front-end sales charges or annual maintenance fees. 100% of your money is always earning interest for you (state premium taxes may be deducted, if applicable).

Harbourview MYGA is subject to state approval. Product features, options and availability may vary by state.

Lifetime payments and guarantees are based on the claims paying ability of the company.

This is a brief description of the Harbourview MYGA and is meant for informational purposes only. It is not individualized to address any specific investment objective. It is not intended as investment or financial advice. Please refer to your Contract for any other specific information including limitations, exclusions and charges.

Annuities held within qualified plans do not provide any additional tax benefit. With certain exceptions, surrender charges apply to withdrawals taken during the initial Guarantee Period and a market value adjustment, which may increase or decrease the amount received upon withdrawal, may also apply at any time.

All or a portion of amounts withdrawn are subject to ordinary income tax, and if taken prior to age 59 1/2, a 10% IRS penalty may also apply. We do not provide tax, financial or investment advice, or act as a fiduciary in the sale or service of the product. P.O. Box 830 Grimes, IA 50111-0830 www.oceanviewlife.com

1 Important Notice: Replacement of Life Insurance or Annuities

(This notice must be signed by the applicant(s) and producer, with the original sent to Oceanview Life and Annuity Company and a copy left with the applicant(s).)

#### Notice to Applicant(s) Regarding Replacement of the Life Insurance Policy and Annuities

It is in your best interest to get all the facts before making a decision. Make sure you fully understand both the proposed new policy and your existing policy. New policies may contain provisions which limit benefits during the initial period of the policy, in particular, the suicide and incontestable clauses.

To assist you in evaluating the proposed and the existing insurance, Delaware Insurance Regulation 30 requires that the insurer advising or recommending replacement:

- provide the consumer with a concise summary of the policy it proposes to issue;
- allow at least a twenty day period following the delivery of the policy during which time the consumer may surrender the new policy for a full refund; and
- advise the present insurance company(ies) of the pending replacement.

This same regulation requires your present insurer to provide, on your request, a similar summary describing your present insurance. This information will be provided if you request it.

☐ Check this box if you wish a policy summary statement from your existing insurer(s).

It is seldom wise to terminate your existing policy until your new policy has been issued and you have examined it and found it to be acceptable.
