Harbourview Fixed Indexed Annuity

Certificate of Disclosure and Acknowledgement

Single Premium Indexed Deferred Annuity

Thank you for your interest in the Harbourview Fixed Indexed Annuity from Oceanview Life and Annuity Company (the "Company"). It is important that you understand the benefits, features, and limitations of this annuity before making your purchasing decision. Please read the following information and sign the last page of this disclosure document to acknowledge your understanding of the annuity contract ("Contract") for which you are applying. This document is intended to provide you with a summary of the Contract, including benefits and limitations.

What is the Harbourview Fixed Indexed Annuity?

The Harbourview Fixed Indexed Annuity is a Single Premium Indexed Deferred Annuity which is primarily intended for customers seeking a long-term retirement savings vehicle.

Your fixed indexed annuity is not a security or any type of investment contract. It is not a stock market investment and does not directly participate in any stock or equity investments. External market indices may not include dividends paid on the underlying stocks, and therefore may not reflect the total return of the underlying stocks. Your Premium is never directly invested in the external index that is part of the Index Strategy or Strategies you select.

What if I decide I do not want my annuity Contract after it is delivered?

After receipt of the annuity Contract, the Contract may be returned within the free look period for an unconditional refund of the amount paid for the Contract. The free look period is the amount of time you have to request a refund. The actual free look period is stated on the cover page of your Contract and is at least 20 days.

How will interest be credited to my Contract?

Your annuity offers multiple interest crediting strategies. Your premium will be allocated to the strategies based on the allocation percentages you select. The following is a high-level overview of different interest crediting strategies available on fixed indexed annuities, some or all of which may be offered with your annuity.

Fixed Strategy

Premium that is allocated to the Fixed Strategy will be credited with a fixed interest rate that is declared by the Company and guaranteed for each Contract Year¹. This interest rate can change each Contract Year and is guaranteed to never be less than the Minimum Guaranteed Interest Rate shown on your contract's annuity schedule. Interest is compounded daily and is credited based on a fixed interest rate that is declared annually. This strategy is not linked to the movement of an external market index.

Index Strategies

Premium that is allocated to the Index Strategies will receive interest that is calculated in reference to the upward movement, if any, of an external market index, modified by limitations such as: a Cap Rate, an Annual Spread, or a Participation Rate. You are not purchasing stock or directly investing in the stock market. An external market index is a benchmark or relative measure of performance. By linking to an external market index, you select the measurement by which your interest credit will be calculated. The interest credits for each Index Strategy will be determined in accordance with the terms of the Endorsement for each strategy and are guaranteed to never be less than zero.

Please refer to the Strategy Allocation Form for information about the Index Strategies available with your annuity.

We may offer other Index Strategies after your Issue Date, which you may then allocate all or part of your Contract Value to on the next Contract Anniversary. If an Index is discontinued or if the Index Strategy is discontinued or if the calculation of an Index is changed substantially, we may substitute a comparable Index subject to approval by the appropriate regulatory agency. We will also notify you and allow you to choose new Allocation Percentages for the next Contract Year. If a strategy is terminated, you may elect to have your funds allocated to one or more of your Contract's strategies. If you make no allocation, all funds will be transferred to the Fixed Account.

If the index price declines, will I receive negative interest credits?

No. Regardless of market conditions, the interest credits for any Index Term Period can never be less than zero.

¹ Contract Years are determined from the Contract Date, which is the date your Contract is issued. Here is a hypothetical example: if the Contract Date is June 1, 2020, the first Contract Year ends on May 31, 2021.

Can I transfer the value of my Contract among the available strategies?

Yes. You may request to reallocate Account Allocation percentages between the Fixed Rate Strategy and eligible Index Strategies effective on the next Contract Anniversary. A request for reallocation may only be applied to an Index Strategy at the end of the Index Strategy period. Account Allocation percentages must be in whole percentages and must total 100%.

Do I have access to the value of my Contract before the Annuity Date?

Yes, the Harbourview Fixed Indexed Annuity provides access to the value of your Contract in several different ways. However, any Contract values accessed during the first ten Contract Years may also be subject to a Surrender Charge and Market Value Adjustment, depending on the surrender charge schedule elected at the time of application. Please note that Withdrawals taken from an Index Strategy during an Index Term Period will not be credited with any potential interest credits for that term.

Withdrawal Charges and Market Value Adjustments will not apply to any Free Withdrawals, required minimum distributions, or death benefit proceeds. Taxable amounts withdrawn from your annuity prior to age 59 ½ may be subject to a 10% IRS penalty in addition to ordinary income tax. Please consult with a tax advisor prior to utilizing these provisions.

Free Withdrawals

After the first Contract Year, you may make multiple withdrawals totaling 10% of the Contract Value on the prior Contract Anniversary without incurring a Surrender Charge. The amount available for Free Withdrawal is not cumulative. Any amount eligible for Free Withdrawal in a Contract Year that is not taken may not be carried over to the next Contract Year nor will it be available to be taken free of the Surrender Charge in a later Contract Year.

Required Minimum Distribution

If you purchase this annuity with "tax-qualified" money (like an IRA), tax law and IRS rules may require you to take "required minimum distributions" from your Contract each year. Following the first contract anniversary date, any required minimum distributions taken from your Contract will not be subject to Withdrawal Charges or Market Value Adjustments.

What happens on the Contract's Annuity Date?

On the Contract's Annuity Date, you will receive the entire value of your Contract in the form of annuity payments. There are a number of payout options from which to select. Regardless of the payout option selected, once the amount of the payments is determined, your payments are guaranteed and can never be changed. You should review the available payout options with your tax advisor to select the most appropriate one based on your financial situation. Under no circumstances will you be assessed a Withdrawal Charge or Market Value Adjustment on or after the Annuity Date. If you do not select a payout option, the payout option will default to the contractually selected option, depending whether you have a single Annuitant or Joint Annuitants.

What if I decide to surrender (cancel) my Contract?

If you decide to surrender your Contract, the Company will pay you the Contract's Cash Surrender Value. On the date of surrender, the Cash Surrender Value is equal to the greater of:

1. The Contract Value less any Surrender Charges and Market Value Adjustment, if applicable; or
2. The Minimum Surrender Value.

What is a Surrender Charge?

A Surrender Charge is the cost you incur if the Contract is surrendered or if any amount withdrawn exceeds the Free Withdrawal amount during the Surrender Charge period. The Surrender Charge on these amounts is applied at the time of the surrender or withdrawal. Any amount withdrawn above the Free Withdrawal amount will be multiplied by the applicable percentages below, which determines the amount of the charge. Below is an example of the Schedule for a Harbourview Fixed Annuity with a 10-year Surrender Charge Rate. This schedule will vary depending upon the surrender charge you select at the time of application.

10-Year Surrender Charge Schedule

Contract Year	1	2	3	4	5	6	7	8	9	10	11+
Percentage	9%	9%	8%	7%	6%	5%	4%	3%	2%	1%	0%

In part, Surrender Charges allow the company to invest your money on a long-term basis and generally credit higher yields than possible with a similar annuity of shorter term.

What is a Market Value Adjustment?

Your contract may have a Market Value Adjustment Rider as a policy provision. A Market Value Adjustment (MVA) is an adjustment made to your Contract at the time of a surrender or withdrawal, based on the changes in interest rates since you purchased your annuity.

The MVA may increase or decrease the amount of the Withdrawal or Cash Surrender Value of your Contract depending on the change in interest rates. If interest rates have increased, the MVA will be negative. If interest rates have decreased, the MVA will be positive.

A positive MVA will increase your withdrawal amount or Cash Surrender Value. A negative MVA will decrease your withdrawal amount or Cash Surrender Value. In calculating the MVA applicable to any surrender or a Withdrawal in excess of the Free Withdrawal amount, we will multiply the Withdrawal amount that is subject to the MVA by the applicable Market Value Adjustment Factor. The Market Value Adjustment factor is applied to the Contract Value with the following Market Value Adjustment amount:

Contract Value multiplied by $(I - J)$ multiplied by N divided by 12, where:

I = Value of the External Index Rate as of the Contract Issue Date;

J = Value of the External Index Rate as of the date of withdrawal

N = Number of whole months from surrender to end of Surrender Charge Period.

How does a Market Value Adjustment affect Contract Values?

An MVA is applied to any portion of a withdrawal or surrender that is subject to a Surrender Charge. The following example illustrates how it works:

Assume the following:

The following Surrender Charge Rate Schedule applies to the product in this example:

Contract Year	1	2	3	4	5	6+
Percentage	9%	8%	7%	6%	5%	0%

Contract Value = \$100,000

Free Withdrawal Amount = \$100,000 times 10% = \$10,000

Withdrawal of \$15,000 is taken at the start of the fourth Contract Year

There are 36 months left until the end of the Surrender Charge Period

The applicable Surrender Charge is 6%

Amount of Withdrawal subject to an MVA and Surrender Charge = \$15,000 - \$10,000 = \$5,000

External Index Rate at Contract Issue Date = 3.50%

Example 1 – MVA is Negative:

Interest Rates have increased

Closing External Index Rate on the day before the Withdrawal = 4.00%

Surrender Charge = \$5,000 * 6% = \$300

$\$5,000 * (3.50\% - 4.00\%) * 36/12 = -\75

Example 2 – MVA is Positive:

Interest Rates have decreased

Closing External Index Rate on the day before the Withdrawal = 2.50%

Surrender Charge = \$5,000 * 6% = \$300

$\$5,000 * (3.50\% - 2.50\%) * 36/12 = +\150

Note: These are sample calculations and all assumptions are purely hypothetical and are not an indication of the annuity's past or future activity.

Are there any riders that are included on my policy?

Yes, there are two waiver of surrender charge riders that are included on each policy. They allow for money to be withdrawn from your contract surrender charge free during the period prior to the contract's annuity date. The covered events are as follows

Nursing Home Confinement

In the event that the contract Owner (or spousal beneficiary in the case of a continuation) is confined to a nursing home for at least 90 consecutive days or for a total of 90 days if there is no more than a 6-month break in the confinement surrender charges will be waived on any withdrawal. Confinement must be prescribed by a qualified physician and medically necessary, and proof must be furnished to the Company during confinement or within 90 days after such confinement.

Terminal Illness

In the event that the contract Owner (or spousal beneficiary in the case of a continuation) is terminally ill and not expected to live more than 12 months surrender charges will be waived on any withdrawal. Terminal illness must be diagnosed by a qualified physician after the contract's issue date, and proof of terminal illness must be provided to the Company.

Are there any tax consequences if I take Withdrawals from my annuity?

Income tax on interest credited to an annuity is deferred until withdrawals are taken. When you surrender or take a Withdrawal from your Contract, you may be subject to federal and state income tax on a portion or the entire amount withdrawn. In addition to income tax, you may be subject to a 10% federal penalty tax if you surrender or take Withdrawals from your annuity before age 59 ½. When annuity payments are elected, a portion of each payment will be taxable and a portion will be treated as a non-taxable return of the Contract's cost basis. Distributions from a qualified annuity (e.g. IRA, 401(k), etc.) may also be taxable. You should consult with a tax advisor or attorney regarding the applicability of this information to your own situation.

What happens if the Owner dies before the Annuity Date and while the Contract is in force?

If the Owner (or Primary Annuitant if the Owner is not a natural person) dies before the date on which annuity payments begin, the Company will pay a Death Benefit to the named Beneficiary or Beneficiaries. That Death Benefit will be the greater of: The Contract Value (without any Surrender Charge or Market Value Adjustment); or The Minimum Surrender Value.

The Death Benefit will not be subject to a Withdrawal Charge or Market Value Adjustment. After the Annuity Date, payments will be consistent with the Settlement Option selected. Taxes may apply.

What happens if the Annuitant dies on or after annuity payments begin?

If the Annuitant dies on or after the date Annuity Payments begin, We will continue to make payments of any remaining and payable portion of the Annuity Payment(s) to the Beneficiary upon Our receipt of Due Proof of Death.

Other Important Information about Your Annuity

- This annuity is not a bank or credit union deposit, obligation or guarantee, and is not FDIC or NCUA/NCUSIF insured.
- The guarantees provided by annuities are subject to the financial strength and claims paying ability of the issuing company.
- Under current tax law, the Internal Revenue Code already provides tax deferral to qualified money, so there is no additional tax benefit obtained by funding a qualified contract, such as an IRA, with an annuity.

- Harbourview Fixed Indexed Annuity is subject to state approval. Product features, options and availability may vary by state.
- This is a brief description of your annuity and is meant for informational purposes only. It is not individualized to address any specific investment objective. It is not intended as investment or financial advice. Please refer to your Contract for any other specific information including limitations, exclusions and charges
- We deduct Premium taxes, if applicable, imposed on us by a federal, state, local, or other government agency. Some states collect these taxes on Premium Payments; others collect at annuitization. Since we pay Premium Taxes when they are required by applicable law, we may deduct them from Your Contract when we pay the taxes, when you withdraw your contract value, when you start to receive income payments or when it pays a death benefit to your beneficiary. The Premium tax rate varies by state or municipality and currently ranges from 0 - 3.5%.
- We do not provide tax, financial or investment advice, or act as a fiduciary in the sale or service of the product. Consult a tax advisor or financial representative about your specific circumstances.

PRODUCER'S CERTIFICATION:

I have made a reasonable effort to obtain information from the proposed owner(s) concerning his/her financial status, objectives and other pertinent information. I have delivered information to the applicant concerning the costs and benefits of the annuity. Based on the facts disclosed by the proposed owner(s), and all information known to me at this time, I have reasonable grounds to believe that the recommendation to purchase or exchange this annuity contract is suitable and that certain features of the annuity will provide benefit. Furthermore, I agree to maintain and make available upon request to the insurer or the insurance commissioner, records of the information collected, including any additional needs analysis forms, and other information used as the basis for this annuity contract recommendation for the number of years required by state laws or regulations. I understand the insurer may contact the proposed owner for additional information.

1 Important Notice to Applicants Regarding Replacement of Life Insurance or an Annuity

(This notice must be signed by the applicant(s) with the original sent to Oceanview Life and Annuity Company and a copy left with the applicant(s).)

This notice is for your benefit and is required by law.

1. If you are urged to purchase life insurance or an annuity and to surrender, lapse or in any other way change the status of existing life insurance or an existing annuity, the agent is required to give you this notice.
2. It may not be advantageous to drop or change existing life insurance or an existing annuity in favor of new life insurance or a new annuity, whether issued by the same or a different insurance company. Some of the disadvantages are:
 - a. The amount of the annual premium under an existing policy may be lower than that under a new policy having the same or similar benefits.
 - b. Generally, the initial costs of life insurance policies charged against the cash value increases in the earlier policy years, the replacement of an old policy could result in the policyholder sustaining the burden of these costs twice.
 - c. The incontestable and suicide clauses begin anew in a new policy. This could result in a claim under a new policy being denied by the company which would have been paid under the old policy.
 - d. Existing policies may have more favorable provisions than new policies in such areas as settlement options and disability benefits.
 - e. An existing policy may have a reserve value in addition to any cash value which may be of some benefit to the insured.
 - f. The insurance company carrying your current insurance policy can often make a desired change of terms which would be more favorable than if existing insurance is replaced with new insurance.
3. It may not be advantageous to change an existing policy to reduced paid-up or extended term insurance or to borrow against its loan value beyond your expected ability or intention to repay in order to obtain funds for premiums on a new policy.
4. There may be a situation in which a replacement policy is advantageous. You may want to receive comments of the present insurance company before deciding this important financial matter.

2 Acknowledgement

I(We) hereby acknowledge that I(we) received the above "Important Notice to Applicants Regarding Replacement of Life Insurance or an Annuity" before I(We) signed the application for the proposed new insurance or annuity.

Premiums: Premiums are the payments you make in exchange for an insurance policy or annuity contract. They are unlike deposits in a savings or investment program, because if you drop the policy or contract, you might get back less than you paid in.

Cash Surrender Value: This is the amount of money you can get in cash if you surrender your life insurance policy or annuity. If there is a policy loan, the cash surrender value is the difference between the cash value printed in the policy and the loan value. Not all policies have cash surrender value.

Lapse: A life insurance policy may lapse when you do not pay the premiums within the grace period. If you had a cash surrender value, the insurer might change your policy to as much extended term insurance or paid-up insurance as the cash surrender value will buy. Sometimes the policy lets the insurer borrow from the cash surrender value to pay the premiums.

Surrender: You surrender a life insurance policy when you let it lapse or tell the company you want to drop it. Whenever a policy has a cash surrender value, you can get it in cash if you return the policy to the company with a written request. Most insurers will also let you exchange the cash value of the policy for paid-up or extended term insurance.

Convert to Paid-Up Insurance: This means you use your cash surrender value to change your insurance to a paid-up policy with the same insurer. The death benefit generally will be lower than under the old policy, but you will not have to pay any more premiums.

Place on Extended Term: This means you use your cash surrender value to change your insurance to term insurance with the same insurer. In this case, the net death benefit will be the same as before. However, you will only be covered for a specified period of time stated in the policy.

Borrow Policy Loan Values: If your life insurance policy has a cash surrender value, you can almost always borrow all or part of it from the insurer. Interest will be charged according to the terms of the policy, and if the loan with unpaid interest ever exceeds the cash surrender value, your policy will be surrendered. If you die, the amount of the loan and any unpaid interest due will be subtracted from the death benefits.

Evidence of Insurability: This means proof that you are an acceptable risk. You have to meet the insurer's standard regarding age, health, occupation, etc., to be eligible for coverage.

Incontestable Clause: This says that after one or two years, according to the provisions of the policy, the insurer will not resist a claim because you made a false or incomplete statement when you applied for the policy. During the first two years if there are false or incomplete answers on the application and the insurer discovers them, the insurer can deny a claim as if the policy had never existed.

Suicide Clause: This says that if you commit suicide after being insured for less than two years, depending on the policy and insurer, your beneficiaries will receive only a refund of the premiums that were paid.
