**Sky Harbourview Multi-Year
Guaranteed Annuity**

Description

Sky Harbourview MYGA is a Single Premium Deferred Annuity (Policy Form: ICC19 OLA SPDA-*) designed to accumulate money for retirement. It is suitable for use as an IRA or other qualified account, as well as an attractive alternative to CDs and other taxable vehicles. You can start your **Sky Harbourview MYGA** with a **minimum premium of \$20,000**.

How Interest is Credited

Interest is credited at the initial interest rate guaranteed for the first Guarantee Period. At the end of the Guarantee Period, and each subsequent Guarantee Period thereafter, a new rate will be declared. Your annuity will earn a declared interest rate, which may go up or down, but can never be less than the contract's minimum guaranteed rate at the time of your purchase. Your interest is credited and compounded daily to yield our declared annual rate. There are no front-end sales charges or annual administrative fees. 100% of your money works for you!

MINIMUM GUARANTEED RATES	
%	1%
Years	Policies currently issued
Initial Guarantee Period	Subsequent Guarantee Period

Until the policy is issued, rates are subject to change without notice

Market Value Adjustment (MVA)

The MVA may be applied during the surrender charge period of your annuity Contract. The surrender charge period will vary by product. Please see your annuity Contract or product brochure for details. The MVA only applies during the surrender charge period should you elect to surrender your annuity or if you elect to take a withdrawal that exceeds your penalty-free withdrawal amount. The Market Value Adjustment does not apply upon death of the annuitant, upon annuitization or after the surrender charge period.

The MVA affects the surrender value of your annuity which is defined in your annuity contract. The Market Value Adjustment formula will be applied at the time your annuity Contract is surrendered or if more than your penalty-free available is withdrawn during the surrender charge period as stated in your Contract. The impact of the MVA is similar to how bond values are impacted by interest rates. The surrender value of your annuity will generally decrease if interest rates for your annuity product increase which creates a negative adjustment to your surrender value. Alternatively, when interest rates for your annuity product have decreased since your Contract was issued, the surrender value generally increases due to the Market Value Adjustment.

Nursing Home Confinement

In the event that the contract Owner (or spousal beneficiary in the case of a continuation) is confined to a nursing home for at least 90 consecutive days or for a total of 90 days if there is no more than a 6-month break in the confinement surrender charges will be waived on any withdrawal. Confinement must be prescribed by a qualified physician and medically necessary, and proof must be furnished to the Company during confinement or within 90 days after such confinement.

Terminal Illness

In the event that the contract Owner (or spousal beneficiary in the case of a continuation) is terminally ill and not expected to live more than 12 months surrender charges will be waived on any withdrawal. Terminal illness must be diagnosed by a qualified physician after the contract's issue date, and proof of terminal illness must be provided to the Company.

Policy Values

Your Contract Value is 100% of all premiums and earned interest. The Cash Surrender Value is the Contract Value less any cash withdrawals and applicable surrender charges and Market Value Adjustment (MVA). Surrender charges and MVA are waived in the event of the Owner's death. Prior cash withdrawals are deducted from the Contract Value, Cash Surrender Value and Death Benefit.

Liquidity

You may have access to your annuity at any time permitted by law. After the first contract year, you may withdraw up to 10% of the Contract Value as of the prior Contract Anniversary (Free Withdrawal Amount). No surrender charges or MVA fees apply. You may take as many partial withdrawals as you want up to your Free Withdrawal Amount without incurring any Surrender Charges or MVA adjustments. Withdrawals in excess of the Free Withdrawal Amount are subject to a MVA and the following charges:

- Withdrawals may also be subject to a 10% IRS penalty on amounts withdrawn before the owner reaches age 59½.

Payout Options

There is a wide range of annuity settlement options from which you may choose, including: life only, life with 10 years certain, and fixed period payments. A customized payout option may be tailored to meet your specific needs.

Guarantee Period	Surrender Charge Period*									
	1	2	3	4	5	6	7	8	9	10
3	9	8	7							
5	9	8	7	6	5					
7	9	8	7	6	5	4	3			
10	9	9	8	7	6	5	4	3	2	1

If you elect to annuitize non-qualified money, generally only a portion of each payment is taxable because a part of each payment is a return of your premium.

Sky Harbourview MYGA Advantage

Tax Deferred – Your annuity can grow faster than alternative vehicles because:

- You earn interest on your principal.
- You earn interest on your interest.
- You earn interest on the money you would otherwise pay in taxes.
- You don't owe tax on interest until you take it out.

Other Important Features

On non-qualified policies, your money is never subject to stock market risk. You pay no front-end sales charges or annual maintenance fees. 100% of your money is always earning interest for you (state premium taxes may be deducted, if applicable).

Important Notice: Replacement of Life Insurance or Annuities

Proposed Insured/Annuitant Name: _____

Policy or Contract Number (if known): _____

Does the applicant, insured, owner or annuitant have existing life insurance policies or annuity contracts in this or any other company?

Yes No

If **No**:

Date

If **Yes**: Complete and sign Important Notice below.

This document must be signed by the applicant and the agent, if there is one, and a copy left with the applicant.

You are contemplating the purchase of a life insurance policy or annuity contract. In some cases this purchase may involve discontinuing or changing an existing policy or contract. If so, a replacement is occurring. Financed purchases are also considered replacements.

A replacement occurs when a new policy or contract is purchased, and, in connection with the sale, you discontinue making premium payments on the existing policy or contract, or an existing policy or contract is surrendered, forfeited, assigned to the replacing insurer, or otherwise terminated or used in a financed purchase.

A financed purchase occurs when the purchase of a new life insurance policy or an annuity contract involves the use of funds obtained by the withdrawal or surrender of or by borrowing some or all of the policy values, including accumulated dividends, of an existing policy to pay all or part of any premium or payment due on the new policy. A financed purchase is a replacement.

You should carefully consider whether a replacement is in your best interests. You will pay acquisition costs and there may be surrender costs deducted from your policy or contract. You may be able to make changes to your existing policy or contract to meet your insurance needs at less cost. A financed purchase will reduce the value of your existing policy and may reduce the amount paid upon the death of the insured.

We want you to understand the effects of replacements before you make your purchase decision and ask that you answer the following questions and consider the questions on the back of this form.

(1) Are you considering discontinuing making premium payments, surrendering, forfeiting, assigning to the insurer, or otherwise terminating your existing policy or contract? Yes No

(2) Are you considering using funds from your existing policies or contracts to pay premiums due on the new policy or contract? Yes No

If you answered "Yes" to either of the above questions, list each existing policy or contract you are contemplating replacing (include the name of the insurer, the insured or annuitant, and the policy or contract number if available) and whether each policy or contract will be replaced or used as a source of financing:

	Insurer Name	Contract or Policy Number	Insured or Annuitant	Replaced (R) or Financed (F)
(1)				
(2)				
(3)				

Make sure you know the facts. Contact your existing company or its agent for information about the old policy or contract. If you request one, an in force illustration, policy summary or available disclosure documents must be sent to you by the existing insurer. Ask for and retain all sales material used by the agent in the sales presentation. Be sure that you are making an informed decision.

If this is a replacement, the owner has the right to return the contract within 30 days of the delivery and receive an unconditional full refund of all premiums or considerations paid on it, including any policy fees or charges or, in the case of a variable or market value adjustment policy or contract, a payment of the cash surrender value provided plus the fees and other charges deducted from the gross premiums or considerations or imposed under such policy or contract.

The existing policy or contract is being replaced because _____

A replacement may not be in your best interest, or your decision could be a good one. You should make a careful comparison of the costs and benefits of your existing policy or contract and the proposed policy or contract. One way to do this is to ask the company or agent that sold you your existing policy or contract to provide you with information concerning your existing policy or contract. This may include an illustration of how your existing policy or contract is working now and how it would perform in the future based on certain assumptions. Illustrations should not, however, be used as a sole basis to compare policies or contracts. You should discuss the following with your agent to determine whether replacement or financing your purchase makes sense:

- Premiums:
- Are they affordable?
 - Could they change?
 - You're older – are premiums higher for the proposed new policy?
 - How long will you have to pay premiums on the new policy? On the old policy?

- Policy Values:
- New policies usually take longer to build cash values and to pay dividends.
 - Acquisition costs for the old policy may have been paid, you will incur costs for the new one.
 - What surrender charges do the policies have?
 - What expense and sales charges will you pay on the new policy?
 - Does the new policy provide more insurance coverage?

- Insurability:
- If your health has changed since you bought your old policy, the new one could cost you more, or you could be turned down.
 - You may need a medical exam for a new policy.
 - Claims on most new policies for up to the first two years can be denied based on inaccurate statements.
 - Suicide limitations may begin anew on the new coverage.

- If you are keeping the old policy as well as the new policy:
- How are premiums for both policies being paid?
 - How will the premiums on your existing policy be affected?
 - Will a loan be deducted from death benefits?
 - What values from the old policy are being used to pay premiums?

- If you are surrendering an annuity or interest sensitive life product:
- Will you pay surrender charges on your old contract?
 - What are the interest rate guarantees for the new contract?
 - Have you compared the contract charges or other policy expenses?

- Other issues to consider for all transactions:
- What are the tax consequences of buying the new policy?
 - Is this a tax free exchange? (See your tax advisor.)
 - Is there a benefit from favorable "grandfathered" treatment of the old policy under the federal tax code?
 - Will the existing insurer be willing to modify the old policy?
 - How does the quality and financial stability of the new company compare with your existing company?
