CurrentRate[®]

Multi-Year Guaranteed Annuity

A MYGA Designed to Stay Aligned With Today's Market

Oceanview CurrentRate MYGA is designed to provide principal protection and tax-deferred growth, with an interest-crediting approach intended to remain aligned with current interest rate conditions over time, subject to contract terms.

Many people planning for retirement value stability, clarity, and confidence that their money is protected. At the same time, committing to a single declared interest rate for many years can feel limiting—especially when interest rates change.

Oceanview CurrentRate MYGA offers a different approach within multi-year guaranteed annuities: the core guarantees and simplicity you expect, paired with an interest-crediting approach that can adjust over time based on defined, transparent rules.

How Oceanview CurrentRate MYGA Works

CurrentRate MYGA is a Single Premium Deferred Multi-Year Guaranteed Annuity. You make a one-time purchase payment, and your money grows tax-deferred within the contract until withdrawals are taken.

What makes CurrentRate MYGA different is how interest is credited:

First Contract Year:

Your contract earns a declared interest rate set at issue. This rate is guaranteed for the first contract year.

After the First Year:

Your credited interest rate is reviewed and updated once per year using a transparent, rules-based formula defined in the contract.

Because rates are updated annually, credited interest rates may increase or decrease based on market conditions. While future rates are not guaranteed, the methodology used to determine them is clearly defined in advance.

A Transparent Interest-Crediting Approach

After the first contract year, your credited interest rate is determined annually using a defined formula that includes:

- ☀ A guaranteed spread that remains fixed during your 5-year guarantee period, plus
- ☀ A market-based component tied to the 1-Year U.S. Treasury Rate, as described in the contract

The combined credited rate will never be less than the guaranteed minimum interest rate stated in the contract.

You do not need to track or manage interest rates yourself—Oceanview applies this methodology automatically according to the contract provisions.

Designed for Stability and Simplicity

CurrentRate MYGA is built on the same foundation as Oceanview's fixed annuity solutions, offering:

- ☀ Principal protection from market loss, subject to contract terms
- ☀ Tax-deferred growth until funds are withdrawn
- ☀ A 5-year guarantee period
- ☀ Straightforward contract terms

What Happens at the End of the Guarantee Period

Thirty (30) days prior to the end of your 5-year guarantee period, your contract includes a 30-day window during which you may:

- ☀ Withdraw your contract value with no surrender charges or Market Value Adjustment, or
- ☀ Continue your contract for a new 5-year guarantee period
- ☀ Apply the contract to a Settlement Option
- ☀ Continue the contract for another guarantee period that may be available at the time of renewal

If no action is taken during this window:

- ☀ Your contract automatically renews into a new 5-year guarantee period
- ☀ A new declared interest rate applies for the first year of the new period
- ☀ Annual interest rate updates resume thereafter using the CurrentRate methodology
- ☀ A new surrender charge schedule begins with the renewed guarantee period

Accessing Your Money

Free Partial Withdrawals

- ☀ After the first contract year, you may withdraw up to 10% of your contract value each year without surrender charges or a Market Value Adjustment
- ☀ Free withdrawals are not available during the first contract year
- ☀ Unused free withdrawal amounts do not carry over from year to year

Death Benefit Protection

If the owner passes away before annuity payments begin, beneficiaries will receive the greater of:

- ☀ The contract value (with no surrender charges or Market Value Adjustment), or
- ☀ The minimum surrender value

Spousal continuation options may be available, allowing a surviving spouse to continue the contract, subject to contract provisions

Additional Withdrawals

- ☀ Withdrawals above the free amount may be subject to surrender charges and, for non-California contracts, a Market Value Adjustment

CurrentRate MYGA is designed as a long-term retirement solution while still offering flexibility.

Who May Consider Oceanview CurrentRate MYGA

CurrentRate MYGA may be appropriate for individuals who:

- ☀️ Want principal protection with predictable MYGA features
- ☀️ Prefer a transparent, rules-based approach to interest crediting
- ☀️ Are concerned about committing to a single long-term declared rate
- ☀️ Are comfortable with interest rates that may change annually within a fixed annuity structure
- ☀️ Value clarity and consistency in retirement planning

A financial professional can help determine whether this product aligns with your goals, time horizon, risk tolerance, and overall financial strategy.

Frequently Asked Questions

Q: How is CurrentRate MYGA different from traditional MYGAs?

Many traditional MYGAs guarantee one declared interest rate for the entire guarantee period. CurrentRate MYGA provides a declared rate in the first year, then updates the credited rate annually using a defined formula tied to the 1-Year U.S. Treasury Rate plus a guaranteed spread.

Q: Can my interest rate change during the guarantee period?

Yes. After the first contract year, the credited interest rate is updated once per year. Rates may increase or decrease based on market conditions. Rates are not guaranteed to increase.

Q: Is my principal protected even if rates change?

Yes. CurrentRate MYGA is a fixed annuity within the MYGA category. Your principal is protected from market loss regardless of how interest rates change, subject to the claims-paying ability of the insurer and contract terms. In addition, the contract will be credited with at least the minimum guaranteed interest rate specified in the contract.

Q: Can I access my money if I need it?

Yes. After the first contract year, you may withdraw up to 10% of your contract value each year without surrender charges or a Market Value Adjustment. Withdrawals above this amount may be subject to charges.

Important Considerations

- ☀ Annuities are long-term retirement solutions and are not intended for short-term savings or emergency funds
- ☀ Withdrawals are taxed as ordinary income and, if taken before age 59½, may be subject to an IRS penalty.
- ☀ Credited interest rates may change annually and are not guaranteed to increase.
- ☀ Guarantees are subject to the claims-paying ability of Oceanview Life and Annuity Company.

The Oceanview Advantage

Choosing an annuity is about more than features—it's about confidence in the company standing behind the guarantees.

Guarantees are based on the financial strength of the issuing carrier. The multi-year guaranteed annuity product with form number ICC19 OLA SPDA, or variations of such, are issued by Oceanview Life and Annuity Company (d/b/a Oceanview Life and Annuity Insurance Company in California; NAIC# 68446). May not be available in all states. Not available in New York or Vermont. Policy form numbers and provisions may vary. Rates are guaranteed depending on the guarantee period selected at policy issue.

OCEANVIEW ANNUITIES ARE PRODUCTS OF THE INSURANCE INDUSTRY AND NOT GUARANTEED BY ANY BANK NOR INSURED BY THE FDIC OR NCUA/NCUSIF OR ANY OTHER FEDERAL GOVERNMENTAL AGENCY. MAY LOSE VALUE. NO BANK/CREDIT UNION GUARANTEE. NOT A DEPOSIT. MAY ONLY BE OFFERED BY A LICENSED INSURANCE AGENT. GUARANTEES ARE SUBJECT TO THE CLAIMS-PAYING ABILITY OF THE ISSUING INSURANCE COMPANY.

Annuities issued by Oceanview Life and Annuity Company, 1331 17th Street, Suite 1050, Denver, CO 80202. In California, doing business as Oceanview Life and Annuity Insurance Company. www.oceanviewlife.com.

Annuities are generally designed as long-term retirement solutions and have certain limitations. They are generally not intended to replace emergency funds, serve as income for day-to-day expenses, or support short-term savings goals. Please review the contract for full details.

A.M. Best Rating as of February 11, 2026, is subject to change. A (Excellent) rating is third highest of fifteen possible rating classes for financial strength. The outlook assigned to these Credit Ratings is stable.

This material is a general description intended for educational use. Oceanview Life and Annuity Company is not providing investment advice for any individual or in any individual situation, and therefore nothing in this correspondence should be read as such.

Neither Oceanview Life and Annuity Company nor any of its representatives may provide tax or legal advice.

Withdrawals in excess of any Free Partial Withdrawal amounts are subject to a Surrender Charge and Market Value Adjustment (MVA). The MVA may increase or decrease the Surrender Value depending on market interest rate changes.

The IRS may impose a penalty for withdrawals prior to age 59½.

Contracts purchased in an IRA or other tax-qualified plan provide no additional tax-deferral benefit since they are already afforded tax-deferred status. All annuity features, risks, limitations, and costs should be considered prior to purchasing an annuity within a tax-qualified retirement plan. For non-qualified annuities, tax deferral is not available to corporations and certain other entities.

While care was taken in compiling this information, the Company reserves the right to correct any typographical errors that may exist.

Rates, renewal caps, and declared interest rates will always follow contract provisions relative to minimums and maximums stated. Oceanview determines, at its discretion, the rates, renewal caps, and declared interest rates above the contractual minimums that are guaranteed.
